## TO BE LESS PRODIGAL IN BESTOWING TITLES.

Only Sen Commanders Hereafter Will Be Designated Admirats and

Rear Admirals.

REPUBLIC SPECIAL Washington, Jan. 21.-In the American Navy the title of Admirai and Rear Adwill be reserved for line officers who go to sea and exercise command. Heads of staff bureaus will be known only by their professional titles. Although the law gives them rank and pay of Rear Admiral, they may not use the title.

Captain Diehl, Judge Advocate General

miral, they may not use the title.

Captain Diehl, Judge Advocate General of the Navy, has submitted to Secretary Morton a memorandum which will serve as the basis for a department order defining naval titles. A long and bitter controversy is thus ended. In his memorandum Captain Diehl says:

The official designations, respectively, of the heads of the several branches of the heads of the several branches of the Navy Department are;

"Chief of the Eureau of Yards and Docks, Chief of the Bureau of Equipment, Chief of the Eureau of Navigation, Chief of the Bureau of Ordannes, Chief Constructor, Engineer in Chief, Paymaster General, Surgeon General and Judge Advocate General.

To these designations the words United States Navy mas be added. I recommend that the officers illing the positions be so introduced on occasion of occameny. "The following language is quoted from the opinion of the Afformey General of December 29, Red." Under havy usage the temporary raths and pay in the case of a line officer, because, unlike the suaff officer, he is at all times in the military and command branch of the service to which alone the ancient trile of Admiral pertains. "Inne officers on the retired list, holding the rank of Rear Admiral, should be given that title as well as rank. For example, Rear Admiral Wella L Pleid, United States Army, retired. This irrespective of the grade from which they retired. "The distinction between a Rear Admiral of the line on the retired list and a

thred. The distinction between a Rear Admiral of the line on the retired list and a line officer on the ratired list with the rank of Rear Admiral is too fine to be given accurate capression on occasion of ceremony. Such an officer is in the military and command branch of the service to which alone the ancient title of Admiral particular and command branch of the service. to which alone the ancient title of Ad-miral perfains."

## **WOULD REORGANIZE** CONSULAR SERVICE.

REPUBLIC SPECIAL. Washington, Jan. 21.-Legislation for the reorganization of the American Consular service is probable at this session of Congress. Senator Lodge has presented a bill embodying the views of the State Department on the substitution of the salary system without fees for the existing system

The bill provides that Vice Consule may be appointed to perform duties now discharged by consular agents. The latter class shall hereafter be unknown in the consular service. It is also provided that there shall be not more than two Consular General of the first class at \$12.000. Not more than each Consular department of the first class at \$12.000. Not more than each Consular department of the safest and most efficient disinfectant and purifier in nature, but few realize consular service. It is also provided that there shall be not more than two consuls General of the first class at \$12.00. not more than eight Consuls General of the second class at \$2.00 a year, and not more than thirteen of the third class at \$6.00. There shall not be more than thirty-servicen Consuls of the first class at \$6.00.

SENATOR MITCHELL SEEKS AN EARLY TRIAL ON CHARGES.

Case Will Be Taken Up as Seen

Portland, Ore., Jan. 21.-Dispatches from Washington have been published here to the effect that Senator Mitchell will return to Portland to insist upon an early trial, information having reached him that the prosecution is in no hurry to bring him to trial, and that an official closely connected with the prosecutions of the land-fraud cases has advised friends in this city that Senator Mitchell will not be brought to trial for at least a year.

will not be brought to trial for at least a year.

Francis J. Heney, who is prosecuting the kind-fraud conspiracy cases for the Government, when shown the Washington dispatch to-day, said:

"If any person made such a statement it is utterly without foundation. The prosecution refrained from causing the arrest of either Senator Mitchell or Congressman Hermann, because both of them expressed anxiety to reach Washington to attend to public business.

"As prosecuting officer, I concluded to await the adjournment of Congress before pressing their case for trial. I am ready and more than willing to give each of these gentlemen a speedy trial, and the prosecution will urge the trial of their case at the earliest day the court can take them up in the next term, commencing April 1, 1986, and no postponement whatever will be asked by the Government."

Captain John J Pershing of the Fifteenth Cavalry, who has just been appointed by the War Impartment as multiple and to the captalney of the First Cavalry. He was later transferred from the First to the Fifteenth Cavalry as Captain, and is regarded as one of the most promising of the younger men in the army.

Captain Pershing was born in Missourit September 11, 1899. He was educated in the public schools of his native town, and when 22 years of age he was appointed a cadet at West Point. On his graduation from the military academy in 1885 he was appointed Second Lieutemant of the Sixth Cavalry. From that rank he rose steadily to his present position.

At the outbreak of the Spanish-American War he was appointed Major and chief ordinance officer of volunteers. than he.

Captain Pershing's appointment as military attache at Tokio was made because of his peculiar qualifications for the pest. He is not only a courageous and successful fighter, but a student of the science of war as well.

WOMEN BARBERS ON STRIKE

They Unanimously Objected to "Don't Talk" Rule.

Los Angeles, Jan. 21.-Because they could not live up to the requirements of stringent rules, Blanche Morgan, forewomen at the "Duley" barber shop at No. 125 Bust Second street, and four of her coworkers deliberately went on "strike" and

workers deliberately went on "strike" and moved across the street.

They are now installed in the "Liberty," and have organized themselves into the "solid dozen." They work with as much peace as the circumstances of the surroundings will permit.

"We have an association now and will stand together against any rules that infringe on our personal liberties," declared Miss Morgan yesterday, as she busied herself about the new quarters she is now to

"We just had to strike. Mr. Kleiman was so unkind to us girls. Just think, he

**RURAL DELIVERY GROWTH** MAY BE HAMPERED.

Wratt Building, 14th and F Streets Washington, Jan. 21.-It was stated at the Post-Office Department to-day that reduction by the House committee of the estimates on the rural free delivery service will seriously hamper the development of that branch of the postal service if the bill shall be passed as it was reported by the committee on Tuesday. In one stroke of the keen blade of Republican economy round million dollars was elipped off the department estimate, reducing it from \$3.00,000 to \$2,000,000.

This means that the number of new first routes established in the next fiscal year will be exactly one-third less than the dejartment had figured on the Jamus 1 there were, approximately, 4,000 applications on file for rural routes, every State and Territory contributing to

even forbid is to talk, and we just refused to work under such penitentiary rules any longer. We demanded that the rules be taken down on Tuesday morning, but it was refused, and we had the second strike to-day. No one will ever go back."
All other things could have been borne had it not been for the verbal rule prohibiting conversation with the customers, they say, but this was more than unjust.
The strike was inevitable when woman was forbidden to speak.

day, or 180 a week. While the appropriation for the current year is about enhanceed, a few new routes are being established
every day, but the work must shortly be
stopped altogether, unless Congress makes
an additional appropriation.

Mr. Solliman, Superintendent of Rural
Pree Delivery, said it had been figured
that the estimate of \$1,000,00 for this
service, if allowed by Congress, would
provide for the establishment of new
routes at the rate of 800 a month. This
is the maximum that can be handled by
the present elerical and field forces of the
rural free delivery division. Were the gale
of 600 a month kept up all of the next fiscal
year, 7,200 new routes would be established
in the twelve months. The slicing off of
\$1,000,00, should it not be restored before
the bill is finally passed, would reduce
this total one-third, or 2,600 runtes.

If applications for new routes continue
to pour in at the present rate of thirty
every day, in the course of a year they
would asgressite 9,50, or 2,250 more than
could be established in twelve months if
the full estimate of E,00,000 were allowed
for the work.

Another item shaved down by the Heuse
committee was that for the pneumatictime service, which was cut almost in
haf, being reduced from \$60,000 to \$50,000.
Should this figure stand there will be
ittle chance for the extension of the
pneumatic-thio service at St. Louis and
other cities, though the operation of the
present completed systems would not be
interfered with Both of these items will
provoke a fight on the floor when the
omnibus post-office bill is called up.
